

The association “Fraternità Sposi per sempre” represents the spiritual landing of a group of separated people, faithful to marriage-sacrament, who for almost twenty years have shared a path of formation and theological study under the guidance of Mons. Renzo Bonetti, who immediately glimpsed the “novelty” of a real spiritual journey, which did not change the original sacramental, baptismal and nuptial vocation, but which required a different theological and pastoral attention.

A path of spirituality aimed at separated or divorced people who consciously choose fidelity to marriage-sacrament and, with the help of divine Grace, to live a love “forever”, beyond the challenge of human failure. Over time it was in fact born among some people, the need to share a path founded on prayer and oriented on personal growth and on testimony. Thus a new spiritual path was born in 2012, which gives face to what has matured and which takes the name of “Associazione Fraternità Sposi per sempre”.
