

**Renzo Bonetti – Emanuele Scotti**  
**E' proprio tutto finito? (Is it really all over?)**

Fidelity to love beyond separation in a historical moment in which fidelity is so rare, misunderstood and unpopular even within the ecclesial community, the “forever” appears to those who separate a condemnation rather than a gift. These pages invite you to rediscover the beauty and strength of the sacrament of marriage, and show a way that can be concretely followed by Christian spouses. A path chosen by men and women who want to “stake their lives” on the word of Jesus, certain not to be disappointed.
